

# Meeting minutes

Project title: Tube Twin (passenger count forecasting/general tube analysis).

Meeting information		Participants
Date	01-09-2022	Emmanuel David
Meeting purpose	Daily Scrum	Kelvin Mwaniki
Location	<a href="#">Link</a>	Hakim Balogun

## AGENDA TOPICS

Agenda topic 1: Progress on the data sourcing. | Presenter: Hakim, All members.

### Discussions

Hakim shared progress on accessing the TfL data. Open data and historical data from TfL are now available. He suggests that the team look those up. This will allow for a better understanding of the data and the ability to decide on which of the data will be useful for the project.

Action items	Person responsible	Deadline
Check the data on TfL and get familiar with it.	All members	03-09-2022
