

# Meeting minutes

Project title: Tube Twin (passenger count forecasting/general tube analysis).

## Meeting information

Date	26-09-2022
Meeting purpose	Daily Scrum
Location	<a href="#">Link</a>

## Participants

Emmanuel David  
Michael Mamah  
Kelvin Mwaniki  
Hakim Balogun  
Harmony Odumuko

## AGENDA TOPICS

Agenda topic1: The week's agenda. | Presenter: All members.

### Discussions

This is a short discussion on the new tasks for the week. Presentation slides will be prepared, we'll start looking into how to create the resources we need on AWS, and we'll make sure that we achieve the modelling and forecasting task at hand before the presentation day.

Action items	Person responsible	Deadline
Start work on the presentation slides.	Emmanuel	28-09-2022
Continue work on finding a way to model and forecast using the transformed data.	Michael	28-09-2022
Start looking into how to create the required AWS resources.	Hakim	28-09-2022
