Kelvin Mwaniki

Hakim Balogun

Michael Mamah

AGENDA TOPICS

Agenda topic1: *The week's achievements so far.* | Presenter: All members.

Discussions

Michael is still making efforts to make the time-series model work.

The planned meeting for brainstorming is still in view.

Hakim encountered access errors while trying to connect to the EC2. He has already reached out for help and is awaiting responses from Andile and team 19. The S3 bucket works fine and the cleaned_historical_tube.csv file has been uploaded as a test.
